Credit Reference Agencies

- We may obtain information about you from credit reference agencies and Group records to check your credit status and identity. The agencies will record our enquiries which may be seen by other companies who make their own credit enquiries. We may use credit scoring.
- Your application will be assessed using credit reference agency records relating to anyone with whom you have a joint account or similar financial association. If this is a joint application and such a link does not already exist then one may be created now. These links will remain until you file a "notice of disassociation" at the credit reference agencies.
- We may make periodic searches at credit reference agencies and will provide information to the Group to manage and take decisions about your accounts. This may include information about how you manage your account including your account balance, credit limit and any arrears. We will also provide this information to credit reference agencies who may make this information available to other organisations so that they can take decisions about you, your associates and members of your household. The information may also be used for tracing purposes.

Fraud prevention agencies

- If false or inaccurate information is provided and fraud is identified or suspected, details may be passed to fraud prevention agencies.
- We may also obtain information about you from fraud prevention agencies.
